

PHOTOGRAPHY

For Periodicals on Photography, see:

Aperture The leading American photography journal for the student of photography as an art. Serious examples of artistic photography are sometimes accompanied by essays, comments, poetry. Format varies from a complete issue devoted to the works, chronology, and bibliography of one photographer to issues containing portfolios of lesser-known photographers. The photographic works presented range from avantgarde to classical. Articles avoid detailed technical processes and stress the artistic merits of photography. *Issues are on Reserve at the Circulation Desk in the Library.*

Popular Photography A first-rate general photography magazine with information that is less technical than some other photography magazines, more geared to the beginning or amateur photographer. Articles stress technique, and buying advice considers the average reader. Contributions cover every phase of photography and include many practical hints. The examples of photography by outstanding photographers, including eight pages in full color, are an inspiration. The hobbyist who takes photography seriously will find this magazine indispensable. *Current issues are on the magazine shelves. The years 1978 and 1979 are on bound periodical shelves. Other issues in back files.*

To Locate Books on Photography: Look in the Card Catalog under the subject headings 'Photo, Photographers, Photographs, and/or Photography'. Most of these books will be found in the 'T' section of the book shelves.

To Locate Audio-visual Lessons on Photography: Look in the Card Catalog under the subject headings 'Photo, Photographers, Photographs, and/or Photography'. Audio-visual catalog cards will be covered by a plastic cover with a wide, bright blue band of color at the top of the card and the words 'AudioVisual' printed in bright blue on the plastic cover. At Shelton State Community College, catalog cards for audio-visual items are located in the Card Catalog along with the catalog cards for books.
